---

Learn and master the technique of foundation paper piecing (FPP) while making gorgeous hexagon quilt blocks. This class is best suited for open minded quilters who are ready to add a new technique to their tool belt. No previous experience with FPP is needed. **As a bonus**, we will explore design possibilities with these blocks.

**Everything in pink is clickable!**

### Supplies:

\*Sewing machines and cutting and ironing stations may or may not be supplied by the venue.

- One pattern: [Striped Hexi's](#), [Equilateral Gone Awry](#), or [Nuts About You](#) (your choice!)
- Foundation papers are included in the physical patterns. If you have the [PDF pattern](#), print (3) copies of a page with the same 12" hexagon templates at 100% scale for a total of (6) FPP triangle templates. Print templates on 20 lb copy paper or [Carol Doak's Foundation Paper](#).
- 3 - 5 fabrics: ¼ yard of each. Fabrics that don't have a right side, like solids and batiks, are easier to learn FPP with but I will show you how to use prints too.
- Neutral or coordinating thread
- [Coloring pages](#), free
- Colored pencils in your fabric colors
- Pencil
- Paper scissors or a rotary cutter to use on paper
- [Glue pen](#) or glue stick (washable)
- [Rotary cutter](#)
- [Add-a-Quarter Plus Ruler](#)
- Small cutting mat, [rotating one](#) if available
- [Seam roller](#)
- [Seam ripper](#) (just in case)
- [60° Triangle Ruler](#), optional
- [Lightbox](#), optional

### Before class:

1. Order [Striped Hexi's](#), [Equilateral Gone Awry](#), or [Nuts About You](#) or purchase it in class.
2. Order supplies at [SnapdragonQuilting.com](http://SnapdragonQuilting.com) or purchase them in class.
